Research Proposal

Note: Please complete the form using 12-point Times New Roman. Delete or add spaces as needed.

Describe your research interests and what topics you want to work on. Your statement is generally in the form of short essays responding to the following four aspects. Please follow the word count suggestion.

1. **Your research topic:** Your specific areas of academic interest and the research topic you like to pursue. Write about 500 words.
2. **Your background:** How your past experiences have prepared you to pursue your interests. Write about 500 words.
3. **Related literature:** Discuss academic publications that have informed your interests. Write about 500 words.
4. **Your study/career goals:** What you hope to achieve in the graduate program; state why this particular program at NTCU is a suitable place for you to pursue your interests. Write about 500 words.
